Notice to our Customers:
Community Education is in the process of changing registration systems. We know this may cause some frustration and concerns in the short term. But the end result will be a new and better system for our community.

Online registration may or may not be available during January while the transition takes place. But, we will continue to take registrations in the office and registrations can be mailed or dropped off 24/7 in the office mail slot. Call 734-850-6036 if you have any questions.

Look for our new online registration system to go live before February 1 with new features and technology that will make working with Community Education easier and more accessible. We are looking forward to a fresh new look and a better way to serve the community.

Session I - January 18 10:45-11:45am
Session II - March 21 10:45-11:45am
Your child will be assessed and put into the appropriate group based on their ability and performance. After warming up and stretching, students will learn and work on cartwheels, round offs, one handed cartwheels, back bends, front/back walkovers and aerials. This class includes floor work on the mats, a high and low balance beams, and pummel horse with various tools. This class is designed to teach and improve skills that will take their gymnastics ability to the next level. Students should be able to follow directions, remain in a line and groups and able to accept assistance to acquire difficult skills more easily. As skills improve, students will be moved into higher groups. Instructors will help each student get to the next level to the best of each child’s ability. Comfortable clothing, including shorts, leggings or gymnastics leotards are recommended. There will be several different groups depending on number of participants and ability.
